Docket No. 98N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I believe women should have the choice & convenience to purchase specialized medications. We should be allowed to have other options rather than having to rely on only FDA approved drugs. Not all people want commercially manufactured drugs - The large pharmaceutical have enough money!
